

# New distribution partnership announced.

Llanberis, Y Glyn, Gwynedd, North Wales, U.K  
Stoney Creek, Ontario, Canada  
April 3, 2006

In their continuing effort to bring leading safety products to market, DMM and PenSafe have announced their partnership has been extended to cover logistics. Effective immediately, PenSafe product will be stocked in the DMM warehouse to provide the outstanding service that DMM customers expect and demand.

## About DMM

Based in North Wales, DMM are World Leaders in the innovation and production of karabiners and safety products for the Fall Protection, Arboculture & leisure climbing markets. For further information on the DMM range – contact Pete Roscoe on the details below.

## About PenSafe

Stay safe with PenSafe. When you click-in with our safety components, you feel secure. PenSafe has been a leader in the fall protection industry for over 40 years and has over 60 years of experience manufacturing high-strength forgings. With industry-leading quality and innovation PenSafe supplies a wide range of industries, where the risks are high, including construction, rescue, law enforcement, and the military. When lives are at risk, PenSafe products provide strength, security, and peace of mind.

DMM and PenSafe will be displaying the latest in fall protection components at the Safety and Health Expo in Birmingham, U.K. from May 9<sup>th</sup> to 11<sup>th</sup> (Booth K43).
